A prominent at-from Alexandria visited the Capmorning and when asked about ter, said: "Governor O'Ferrall to be a lawyer, and as such he not attempt to interfere with the of the race-track people. He is as having discovered some old der which it is said he will proceed. of course, this would be invalid, as ovisions. The State Supreme Court eld in the trial of one of the agents Dismal Swamp Lottery Company, case of Justice vs. The Common, that where two laws conflict the secont act prevails, and the former is d by implication, even if not speci-mentioned. So you can just put it that when the Governor reviews he will make no further than Coxey's army."

Mr. Wise's Work.

That Bristol Confest Again.

he Bristol post-office matter, after master General this morning. Senators Harris and Bate, of Tennessee, made a strong plea for their State and for the continuation of one of their constituents of postmaster, Virginia wa represented by Congressman Ma and Senators Daniel and Hunto strongly presented her claims and nearly urged the appointment of Air.

A. Rader, the present Mayor of stol, as postmaster. After listening the arguments on both sides the amaster-General voluntarily suggest- as a solution to the difficulty that primary election be held at which as Allison and Mr. Hackleroad should voted for, and at which all Demoits pairons of the office residing with the content limits of Bristol on e corporate limits of Bristol of side of the line should be allowed te, and further stated that he write to the parties interested dvise this plan as the most satis-

d advice this plan as the most satisficity way of settling the difficulty. It both of the candidates mentioned the Postmaster-General are from the site of Tennessee, his suggestion would have that the chances of this plum, which has been gathered by the State Tennessee for nearly thirty years, ling on the Virginia side of the line way were allow.

Mr. Wilson's Condition.

Congressman Marshall called at the Assicultural Department this morning requested that Mr. Staufee, a resi-cent of his district, be placed on the ermanent roll of the department. Dr. Wm. S. Christian, of Urbanna, Midsex county, who was telegraphed some days ago to hold himself in readiness to so to Mexico to attend Hon. W. L. Wilson, called on Congressman Jones at the Capitol to-day. He received a telegram a day or two ago from Mr. Wilson, Jr. the son of the congressman, which blated that his father had so far recovered as to be able to start on the journey as to be able to start on the journey me, and had left Mexico for Galveston.

Dr Christian left for his home tohighly gratified that his services to not needed.

What will the President do with the Bland bill is still the subject of serious speculation at the Capitol, and, of course, there is a great conflict of opinion as to his probable action. Congressman Tucker called on Secretary Carlisle, and afterwards on the President, in the interest of the measure, but was unable to gather any information as to the President's internation.

Mr. A. J. Morse, a prominent citizen of the Eastern shore of Virginia, who is extensively engaged in the Manhadden fisheries, was at the Capitol to-day.

Postal Talk.

To-day there were only two post-office appointments made for Virginia. One was the result of a resignation. Josiah Wisman was appointed at Jadwyn, Shenan-doah county, vice F. M. Doll, resigned. The other is a victory for Congressman Jones in one of the hardest-contested bat-ties that ties that any congressman has had for the removal of a fourth-class postmaster. M. Turner, who was succeeded today in the postmastership at Walkerton, King and Queen county, by Mr. R. H. George, had a strong New York back-g for retention (ex-Congressman John S Wise having written strong personal letters to the President), but had to yield finally to the persistent efforts of the congressman from the First district.

### AN INTERESTING SUIT.

One Which Recalls the Loss of Life and Invo ves Some Interesting Points.

ROANOKE, VA., March 22.-Special .-A very important suit is on trial in the Hustings Court, that of A. A. Leavy against the Niagara Fire Insurance Company, for \$2,000 insurance on stock of liquors in the Hotel Brunswick, when it was burned with several other buildings, including the city post-office, on Sunday morning, March 6, 1893. Counsel for defecidant, in stating his case to the jury, charged that this insurance, as well as policies held in other companies, was obtained by fraudulent means, and intimated that there was something in the fire that had not yet appeared on the surface. Hustings Court, that of A. A. Leavy

fire that had not yet appeared on the surface.

There were several explosions in the building, he said, which would be proven to have occurred before the fire reached the liquors in the bar. Professor Mallett, professor of chemistry in the University of Virginia, is here as the insurance company's expert in the case, which excites great interest.

It will be remembered that the family of J. W. Clinedinst and son resided in the second story of one of the buildings burned, and he had to jump from a window. Mrs. J. W. Clinedinst was the first to make the leap. She died in a few hours from injuries received. Her husband followed and was injured in the spine. Their daughter, Miss Etolle, was burned and badly hurt, but after lingering for some time in the Home for the Sick, recovered sufficiently to be removed to the home of a brother in Chicago.

Peter Hairston and James Anderson

Sick, recovered suniciently to be a moved to the home of a brother in Chicago.

Peter Hairston and James Anderson were brought from the United States Court at Lynchburg to-day and lodged in the county jail at Salem, to serve out each a sentence of thirty days and remain confined until they pay a fine of 3106 for selling moonshine liquor here.

Mrs. M. A. Wade, an aged lady, mother of ex-Policeman N. M. Wade, died this morning. The remains will be taken to Bedford to-night for burial to-morrow.

The condition of C. T. Campbell, superintendent of the Southern Express Company, who is ill at Salem, is now pronounced serious.

Quite a number of Roanoke contractors went to Hancock, Md., this week to secure work on a road to be constructed from Cumberland to Hagerstown.

Rev. R. R. Jones, of the First Baptist church (colored), will baptize ninety converts in Lick river Sunday afternoon. After entering the water the entire group will be photographed.

Collections—Foreign Advic.

NEW YORK, March 22.—The approaching Easter holidays and the fact that the fate of the seignlorage bill has not been decided as yet, checked business at the Stock Exchange to-day. The undertone of the market might be called firm, the nest changes for the day, except in rare instances, showing gains of 4,614, per cent. Canada Southern leading. Reading, Baitimore and Ohio, Delaware and Hudson, and New Jersey Central, Big Four, General Electric, Northern Pacific preferred, and Western Union, however, declined 4,6214, per cent, for the day. London bought St. Paul, Louisville, Reading, and other stocks, as well as some of the low-priced bonds. Foreign purchases for the past few days have been large enough to influence sterling exchange market perceptibly, and rates are lower, consequently less heard of gold exports, and this, in itself, is an argument in favor of those operating for higher prices. The Grangers were relatively stronger than the other issues, the February statement of the Northwestern having been more favorable than expected. In the low-priced stocks, Texas Pacific, Kansas and Texas, and St. Louis and Southwestern were all a shade higher on a slightly increased business. The comparatively good statement of the Texas Pacific for ISM startied up the inquiry. In the Industrials, Sugar was very inactive and reflected the recent heavy realizations. The stock ranged between 85% and 85%, and closed at 85%, a gain for the day of 4 per cent. Chicago Gas was heavy, at one time selling down to 62%, ex-dividend, on reports from Chicago that the developments in the quo warranto proceedings were unfavorable to the company. Whisky closed unchanged at 274, after selling at 26% and 275. In regard to the reported conference of the Whisky people and the American Distributing Company, nothing can be learned at the office of the latter; in fact, it is positively stated there that no meetings are being heid. The Anthracite Coalers were waker. Reading declined 18 to 21% on Philadelphia stories tha

CHICAGO.

CHICAGO.

CHICAGO, ILL. March 22.—Not until the last ten midutes of the session did wheat display any activity to-day, and then the trade was for the purpose of liquidations by those who had bought yesterday on the prospective cold wave, and who, growing disheartened at the failure of prices to advance, thew their holdings overboard. At times during the day business was practically at a standstill, with the pit almost deserted. The holicay to-morrow was the reason for the stagnation, operators not caring to open new contracts and carry them over. The range of prices was narrow. May opened at 58%c, afterwards selling between 58%c, and 38%c, and 57%c. The close was at a net loss of %67%c. for the day.

between issist, and is a signification of the close was at a net loss of MeFig. for the day.

Corn showed the lack of activity that was the distinguishing feature of wheat. Quite a firm feeling ruled, however, until the weakness appeared in wheat during the closing moments of the session. The market opened steady at about the closing figures of yesterday, held steady until near the end, when prices became weak. The close was a triffe helow yesterday. May sold between 37420. 3740. And 3740, closing at the findle. Oats were active in streaks. There was some anxiety to cover by shorts, but otherwise the market was as duit as wheat or corn. The close showed a fractional loss from yesterday. Cash outs were firm and hisher, closing at the same prices as yesterday.

Provisions were firm, whilst they were almost entirely neglected. A better hog market and the continued light arrivals, in connection with the heavy packing week-255,000 hogs, against 145,000 for the corresponding week last year-served to act as props to the market for product. Shorts were the best buyers of the day. May pork closed 10c, higher than yesterday. May lard 124c, higher, and May ribs 5c, higher. There was a good cash demand for meats.
